

# ECOBINS 60

## Bins

**For Food (on demand):** All our containers are in plastic and provide superior hygienic features. If required, also suitable for food and fruit and vegetable industry. Plastic does not deteriorate, retain liquids or odours and does not transfer them to food.

**Recycled Materials:** All our containers are in plastic and can be reused and recycled.

**No Mildew:** All our containers are built to prevent mould formation which would damage any kind of product.

**CE Norms:** All our containers comply with the EEC standards, have the marks required by law and are suitable for use in all the Countries in the European Economic Community and outside it.

**Stackable:** All PentaPlast containers, both full and empty, can be stacked and palletized to ease freight and stocking. The crates can be stacked one on top of the other with the utmost safety and stability.

**Tare:** Marked on the crate.

### Material: Realized in PEHD:

**LIGHT:** black color with yellow handles  
**MEDIUM:** with regenerated material, on demand certified for fruit and vegetables  
**HIGH:** with high quality virgin materials

### Colours:

Standard Green, Black. Other colours on demand.

### Customizations:

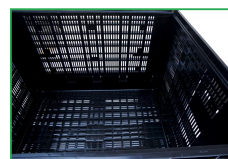

Custom marks can be applied on the products and with different colors for the bottom or the walls.

### Freight:

Provided by the customer or carried out with our vehicles (load capacity 210 items) or with our refrigerated trucks (load capacity of about 156 items)
