

FREEBOX 60X40X16

Returnable Foldable Crates

For Food (on demand): All our containers are in plastic and provide superior hygienic features. If required, also suitable for food and fruit and vegetable industry. Plastic does not deteriorate, retain liquids or odours and does not transfer them to food.

Recycled Materials: All our containers are in plastic and can be reused and recycled.

No Mildew: All our containers are built to prevent mould formation which would damage any kind of product.

CE Norms: All our containers comply with the EEC standards, have the marks required by law and are suitable for use in all the Countries in the European Economic Community and outside it.

Stackable: All PentaPlast containers, both full and empty, can be stacked and palletized to ease freight and stocking. The crates can be stacked one on top of the other with the utmost safety and stability.

Tare: Marked on the crate.

Material:

Copolymer polypropylene (PP). If required, also suitable for food and fruit & vegetable industry. Information to be marked on the crate according to the law
